REALLY WANNA SEE YOU

Well, honey, I was just thinking about you and how you got married last June
I wonder how that worked out for you
So I just thought I would call

'Cause I went to a party, someone gave me some blow
Tears came right to my eyes, and the phone was right there
So I just thought I would call

'Cause there were times that I feel like I can't go on
When I would reach for you, but you were gone

So honey, I just thought I would call to see how you were doing
Well, I really want to see you again
'Cause I just thought I would call to see how you were doing
Because I really want to see you again

There were times I was such a bitch, I can be so insensitive
I really wanna make it up to you now
So I just thought I would call

As I was cleaning up my room, I found a magic 8-ball
I asked if I'd ever get to kiss your lips again
Oh, it said I better not tell you right now, so I had to call

'Cause there were times I was not there for you at all
Oh, you would reach for me, and I'd be long gone

So honey, I just thought I would call to see how you were doing
Well, I really wanna see you again
I just thought I would call to see how you were doing
Because I really wanna see you right now

Well, I really wanna see you, I really wanna kiss you again
Right on the mouth and tell you all the things I should have told you then
I want to see you, I want to see you again

Because I went to a party, someone gave me some blow
Tears came right to my eyes, remember how I used to get so emotional
Honey, and the phone was right there so I thought...
I don't know, I guess I just thought...

I just thought I would call to see how you're doing
Well, I really wanna see you again
And I just thought I would call to see how you were doing
Well, I really wanna see you again

Baby, I need to see you right now, please

WINE LIPS

Ain't there a corner around the corner
I've got a bad idea
Ain't there somewhere where you and me can be alone
Honey, this isn't a party if it's chaperoned

That's all I really wanna do
Is be somewhere it's just me and you
That's all I really wanna do
I kept losing my grip on you

Wine lips, wine lips, I want to kiss your wine lips
Wine lips, wine lips, I want to kiss your wine lips

Why don't you smile at me like that no more?
Can't you see I'm on fire?
Why don't you think that I'm a fun-loving gal?
Honey, I'm still the only girl that you dream about

That's all I really wanna do
Is be somebody that you could talk to
That's all I really wanna do
I went too far like I always do

Wine lips, wine lips, I want to kiss your wine lips
Wine lips, wine lips, I want to kiss your wine lips

I've got a bad idea
That's all I really wanna do
Is be somebody that you could talk to
That's all I really wanna do
Go tell your mama that my French has finally improved

Wine lips, wine lips, I want to kiss your wine lips
Wine lips, wine lips, I want to kiss your wine lips
Wine lips, wine lips, yeah, I want to kiss your wine lips

CHRIS ISAAK

Well, "For Whom The Bell Tolls" is over
And now I can sack and just fade to black
Well, you know I don't drive
But, honey, if I did, I'd play that track all the way back
From driving to your house just to say hey
Instead of giving up, I'll see you maybe someday

I'll buy a pickup truck, paint it flat black and go out on my own
Trying to make amends to myself for all of the chances I've blown
Instead of just sitting on my ass waiting for the day
I finally grow up and get my way

But what the hell was I hoping for?
And what the hell was I waiting for?
Well, I guess I could just do my best to ignore you

But when I was seventeen I'd follow you around with my head jammed way up your ass
Oh, what I wouldn't give to still be able to conjure up energy like that
'Cause he tries to get on my guitar
I wonder if he knows that it ain't there
I wonder if he knows that I really don't care

But what the hell was I hoping for?
And what the hell was I waiting for?

Well, I guess I could just do my best to ignore you, honey, oh no
But I knew what I was getting into
Sitting in your basement playing "Forever Blue"
Back when I thought that every man that I met would be the one to say
"Oh, honey, it's okay, I've been lonely, but I can wait"
Well, I'll be lonely
But I can wait

And then I tell myself that this time could really be it
But I remember the way
You'd call me up drunk like every six months to say you've been thinking of me
I hear Chris Isaak on the radio, telling me it's true
That you still love me darling, but if I know you
Oh you're still feeding me that same line of shit you always do

Oh, what the hell was I hoping for?
And what the hell am I still waiting for?
Well, I guess I could just do my best to ignore you, honey
Well, I guess I could just do my best to ignore you

TO LOVE SOMEBODY

What does it mean to love somebody?
Or at least hope they'll be around?
Well, I know I can't ask you for anything, honey
But you're all that I think about

And I never did want that much from you
Or at least not everything
I never did want you to be mine
Well, at least not all the time
But now I want to be on your mind
Well, I want to be on your mind, hey

What does it mean to love somebody?
What does it mean to love someone?
What am I doing when I'm hoping that you'll call?
And only you will call me, honey
Well, what does that mean at all?

And I never did want you in my way
At least not everyday
I never did want you to be mine
Well, at least not all the time
But I want to be on your mind
I want to be on your mind

It feels like I'm gonna die
If I can't talk to you
It feels like I'm gonna die
Honey, if you don't fill my wound up
Well, I feel like I'm gonna die either way
I feel like I'm gonna die either way
I feel like I'm gonna die

What does it mean to love somebody?
Or at least hope they'll love you too?
Why do I feel so wide open?
Oh, honey, tell me not to be a fool for you

'Cause I never did want that much
I never did want you all the time
Oh, baby, only half the time
Now I want to be on your mind
Well, I want to be on your mind
Oh, honey, let me melt in your mouth tonight
Let me hold you in my palm like a prize tonight
Honey, let me love you all the time

Well, promise that you'll only love me half the time

HURTS SO BAD

I haven't felt this way in so long
Why does it gotta be right now?
Well, I said never meant to hurt nobody ever
You said "I don't see what's wrong with two people loving each other"

It hurts so bad
It hurts so bad
It hurts so bad
I would die
It was all I ever wanted from you

I get an ache in the pit of my stomach
Must be something that you said to me
'Cause I swore that I'd go to bed, but I guess I must have it bad
'Cause I got up and I pushed every button that your elevator had

It hurts so bad (hurts so bad)
It hurts so bad (hurts so bad)
It hurts so bad (hurts so bad)

Why does it matter if you don't care at all?
I just want to let you know that I won't be bothering you, baby
I'll just smoke cigarettes and stare at the wall like it was a TV
Just like I did when I turned seventeen
That's how you make me feel, baby

It hurts so bad
It hurts so bad
It hurts so bad

It hurts so bad (hurts so bad)
It hurts so bad (hurts so bad)
It hurts so bad (hurts so bad)

HEAD

I don't think too much these days
Not after downing that swallow of Cabernet
Well, I don't even try that hard to stay awake
I just want to watch my mind go blowin' away
'Cause I know the sooner I go to sleep, the sooner I can dream
Well, maybe if I get lucky tonight you'll be there waitin' ready for me

Don't stop get in my bed, well, honey, don't stop getting undressed
Don't stop get in my bed, well, honey, don't stop giving me head

Well I learned to live without you, but I don't want to
'Cause I need you more than I would ever let on
Some mornings I still wake up all kinds of confused
'Cause I fell asleep with your record on again
Well, I try to find you in a picture or an old diary
Maybe if I think about you hard enough you'll be there waiting on me
Honey, get down on your knees, and

Don't stop get in my bed, well, honey, don't stop getting undressed
Don't stop get in my bed, well, honey, don't stop giving me head

Don't stop get in my bed, well, honey, don't stop getting undressed
Don't stop get in my bed, well, honey, don't stop giving me head
Don't stop get in my bed, well, honey, don't stop getting undressed
Don't stop get in my bed, well, honey, don't stop giving me head

VERLAINE SHOT RIMBAUD

Well, Verlaine shot Rimbaud 'cause he loved him so
And honey, that's how I love you
Well, Verlaine shot Rimbaud 'cause he loved him so
And honey, that's how I want to go

I want to love you like a father loves a son
Tell you it's wrong if you were to lie to me honey
After everything I did for you
Don't have to kick nobody out of the house
They can stick around and watch us duke it out
I just like you so much better when we're coming to blows

Well, Verlaine shot Rimbaud 'cause he loved him so
And honey, that's how I love you
Well, Verlaine shot Rimbaud 'cause he loved him so
And honey, that's how I want to go

I don't care if I feel half alive
I'd waste away with you in some sort of nasty dive
I just want to know that I'm the one that makes you write that shit
And I'd like to make you so angry that you leave
And you come crawling back to me down on your knees
And you're begging me, "I just want to be the one you love"

Well, I just want to be the one you love
I just want to be the one you love

Well, Verlaine shot Rimbaud
Oh, Verlaine shot Rimbaud
That's how I want to go
Verlaine shot Rimbaud
That's how I want to go

And I just want to be the one you love
Honey, I just want to be the one you love
I just want to be the one you love
No, I want to be the only one you love

So take me home
That's where I want to go with you
So take me home

SOMEWHERE ELSE

All I'm looking for is good things to be a part of
I waved the flag for the home team too long
Then again, things ain't looking too good on the other side
The grass is greener, but it's tended by wolves

Said I want to go
Then I want to stay at home
I don't want to do anything at all
Well, I want to be somewhere else tonight
Well, I want to be somewhere else tonight

Well, you give me more love than a woman can stand
I keep trying [to find a way to see you?]
'Cause I guess I'm just the spoiled brat my daddy said that I was
Yeah, that used make me so fucking angry

Now I say I want to leave
And then I say that you're all I need
When I don't want to be with anybody at all
I just want to be somewhere else tonight
Well, I want to be somewhere else tonight
So I apologize for my one-track mind
Well, I never meant to make you go and put your whole life on the line
Because I love you baby and that ain't no lie
Well, I just want to be somewhere else tonight

When I die they can say it was no surprise
Ain't that the girl who tried to drown herself her whole damn life
When I go out by the hills of east Ohio
Because I never meant to stay away this long, oh no
Now I want to be somewhere else tonight
Well, I want to be somewhere else tonight
So I apologize for my one-track mind
Well, I just wanted to 8675309 ya honey
Because I love you baby and that ain't no lie
I just want to be somewhere else tonight
I want to be somewhere else tonight
I want to be somewhere else tonight
I want to be somewhere else

EVERYTHING'S GONE

Well, please don't take all the land away
'Cause I need that now
Well, I need to go somewhere and lose my mind
And please stop telling me to turn it down 'cause it ain't that loud
And I haven't felt like singing in a long, long time
Well, me all night alone, scream and cry over tremolo
Well, I need to get out of the city, tell me when can I go?

By the time I get back will it be all gone?
Where has everything gone?
Well, by the time I get back it'll be all gone
Lord, everything's gone
Everything's gone

Well, I swore I'd never be this bitter again
But some years have passed
Well, I guess I lost religion and my piece of mind
Oh, I thought I'd be okay without a home if I just had grace
These years I've been away haven't been too kind
Lord, now I'm sick of seeing the fear in my family's eyes
I need to find the man who put it there and set his life on fire

By the time I get them back it will be gone
I hear everything's gone
Well, by the time I get back it will be all gone
I hear everything's gone
Everything's gone, everything's gone

Well if I ever get to go back home
I'm going to go there all alone
Take a walk around that dead-ass town
If I ever get back to where I live
Well, you can bet I won't have to sleep on anything
I'll find a rich man's house and I'll burn it down
I'll burn it down, burn it down

'Cause my daddy built the deck with his own two hands
I guess you didn't really know
There wasn't anywhere else for us to go
Now where the horses used to run there ain't nothing left but Amish corn
Oh, the place where I grew up and my little brother was born
And if I strike it rich again, I'll go and buy it all back
Well I'll drop a bomb on that bitch and watch it turn to ash

By the time I get the money, it will be all gone

Lord, it's already gone
Well, by the time I get the money, it will be all gone

Lord, everything's gone
Everything's gone, everything's gone
Everything's gone, lord everything's gone

THEY DON'T KNOW

You've been around for such a long time now
Oh maybe I could leave you but I don't know how
And why should I be lonely every night
When I can be with you
Oh yes you make it right
So I don't listen to the guys who say
That you're bad for me and I should turn you away
'Cause they don't know about us
And they've never heard of love

I get a feeling when I look at you
Wherever you go now I wanna be there too
They say we're crazy but I just don't care
And if they keep on talking still they get nowhere
So I don't mind if they don't understand
When I look at you and you hold my hand
'Cause they don't know about us
And they've never heard of love

Why should it matter to us if they don't approve
We should just take our chances while we've got nothing to lose

Baby
I've got no need for living in the past
Now that I've found good love I'm gonna make it last
I tell the others don't bother me
'Cause when they look at you they don't see what I see
No I don't listen to their wasted lines
Got my eyes wide open and I see the signs
'Cause they don't know about us
And they've never heard of love

No I don't listen to their wasted lines
Got my eyes wide open and I see the signs
'Cause they don't know about us
And they've never heard of love
